

## 2020 NAAB RESEARCH AWARD

The National Association of Animal Breeders (NAAB) has announced that nominations for the 2020 NAAB Research Award will be accepted until and must be received by **January 15, 2020**. Anyone who is interested in or associated with the artificial insemination industry or research and education related to the artificial insemination industry, animal physiology or animal breeding may submit nominations for prospective Research Award recipients.

**Note:** Pursuant to action taken by the NAAB Board of Directors in 2004, this award will only be presented in the even years, in conjunction with the NAAB Biennial Technical Conference.

Basic qualifications of nominees for the NAAB Research Award are:

1. Shall have made a significant contribution to the science of artificial insemination, physiology or animal breeding in the United States.
2. Based on, but not limited to original published research and teaching. Cumulative contribution of the nominee's research to the A.I. industry to be a primary consideration.
3. Shall not have previously received the NAAB Research Award.
4. Must be living and currently active in his field of work at the time of nomination.
5. Nominees are not required to be U.S. citizens.

The award will consist of an attractive plaque and \$2,500 from NAAB. Presentation of this award will be made at the NAAB Annual Meeting on Thursday, September 17<sup>th</sup>, 2020 during a special luncheon.

Past recipients of the NAAB Research Award are:

<i>Robert Foote, Cornell University</i>	1970	<i>Jack Britt, NC State University</i>	1991
